

Pierz Schools CoLD (Connected Learning Day) Plan

Elementary - K-4

Students Will:

- Complete work provided by teachers.
- Connect with teachers via school email to ask questions or get feedback on assignments. Messages can also be left on school voicemail and will be returned by teachers.
- Complete work within 2 school days after returning to school. Completed work will count as attendance for the eLearning Day

Parents will:

- I will help my child with Connected Learning Day activities if they need help or help my child email the teacher for clarification.
- I will remind my child to complete Connected Learning Day activities on the Connected Learning Day.

Teachers Will:

- Create grade level material for students
- Include opportunities within grade level materials for students to practice skills in content areas, specialist areas, and other real-life learning.
- Post materials online and hand out hard copies when possible.
- Grade level materials that should take approximately 20-30 min. In various content areas and require evidence of completed work. Total of about 1.5 hours.
- Be available for questions via school email, parent communication app or school voicemail, 9am-3:30 pm.
- Record attendance in Synergy based on completed work submitted within 2 school days.

High School/Middle School 5-12

Students Will:

- Know where to locate their assignments in Google Classroom.
- Connect with teachers via school email or school voicemail to ask questions or get feedback on assignments.
- Complete work within 2 school days after returning to school. Completed work will count as attendance for the eLearning Day

Parents will:

- I will help my child with Connected Learning Day activities if they need help or help my child email the teacher for clarification.
- I will remind my child to complete Connected Learning Day activities on the Connected Learning Day.

Teachers Will:

- Have lessons posted on Google Classroom by 9am on the e-Learning Day
- Whenever possible, work will be learning that continues the learning that is currently happening in class.
- Assign Learning Activities that will take approximately 15-20 minutes per course (total about 2 hours) and require a submission of completed work.
- Be available for questions via school email or school voicemail between 9am-3:30pm.
- Record attendance in Synergy based on completed work submitted within 2 school days after the eLearning day.
